Mr William Brandt, Director  
Department of Public Works  
City of Waukegan  
196 North Utica Street  
Waukegan, Illinois 60035

Dear Mr Brandt

Your solid waste disposal facility located south of Yorkhouse Road and east of McAree Road in Waukegan, Illinois was inspected on October 16, 1979, by Jeffrey Stofferahn, representing this Agency.

The inspection disclosed that leachate continues to flow from the south and east edges of the landfill into the perimeter drainage ditch. Since this is causing an odor problem in the area and poses a water pollution hazard, you should take immediate action to correct this situation.

The results of our investigation will be discussed with our Agency attorneys and may be referred to the Attorney General's Office for action before the Illinois Pollution Control Board pursuant to the Environmental Protection Act and the Solid Waste Rules and Regulations.

Sincerely,

Kenneth P. Bechely, Northern Region Manager  
Field Operations Section  
Division of Land/Noise Pollution Control
